

FARMERS

As most of you are aware, 2003 brought many changes to the COD operation. A couple of the most notable was the introduction of the COD COE as well as myself as the COD Manager of the Northern Midwest Zone Claim Department that includes the states of Illinois, Wisconsin, Michigan and Minnesota. Since assuming this responsibility I've been working feverishly preparing for 2004. One of our goals in 2004 is to improve agency/claims communications of auto repair locations participating on the COD program. During the year, I encourage each of you to occasionally look for updates posted on the Agency Dashboard.

The COD Department looks forward to working with each but more importantly our customer during 2004.
